Re: Catholic Archdiocese of Baltimore
Student Accident Insurance Plan
2009-2010 School Year

The Catholic Archdiocese of Baltimore is pleased to again offer a student accident insurance plan. A brochure which provides complete details regarding the plan can be reviewed and/or downloaded from the Archdiocese's web site at <http://www.archbalt.org/management-services/risk-management/student-accident-plan.cfm>. As in the past, the student accident plan offers parents the option to purchase either School-time or 24-hour Accident insurance benefits.

Parents interested in purchasing the coverage are encouraged to review details of the plan provided in the brochure on the Archdiocese web site, complete the enrollment form and mail the fully completed enrollment form to the Program Manager at the following address:

The Allen J. Flood Companies, Inc.
2 Madison Avenue
Larchmont, NY 10538
Tel: 800-734-9326
Email: info@ajfusa.com

When mailing the enrollment form please include a check for the premium due. Checks should be made payable to Life Insurance Company of North America. Enrollment forms mailed without the premium payment or with a partial premium payment cannot be accepted.

Questions regarding the plan can be directed to the Program Manager using either the toll-free telephone number or email address provided above.

In addition, the Catholic Archdiocese of Baltimore, through the Office of Risk Management, will again automatically provide to all students enrolled in participating schools a catastrophic student accident policy with maximum benefits of \$2,000,000*. For additional details regarding this program and those locations which are participating in either one or both of these program go to the Archdiocese's web site at: www.archbalt.org.

*Not all schools are eligible for this program.
